## "ALL I WANT FOR CHRISTMAS IS"

Not "my two front teeth", as a popular song of a couple of years ago went. But, speaking as President of Chess Friends of Northern California, all I want for Christmas is that the organization continue along the road it has been started on by George Koltanowski, Bill Stevens, "Chuck" McGinley, Bill Pattullo and the other Officers and Members who have given freely of their time. Admittedly, there is a long way up the road before we can arrive at the point where C.F.N.C. is the strong organization Northern California Chessplayers should have-- , but progress has been made.

Our Field Director, George Koltanowski--but what can be said? Santa Claus himself will undoubtedly ask for some of the enthusiasm and energy George displays in keeping C.F.N.C. full of life.

Under Bill Stevens (who gets most of the glory for Mrs. Stevens' paper work), C.F.N.C. has embarked on another full Winter League Schedule that will give each team all the action it can handle. Furthermore, he originated and has successfully put over the annual East-West Meet and is truly instrumental in enabling the rest of us to get in lots of "Chess for Blood". If Santa Claus can bring him the little added cooperation he needs to keep him happily on the job, C.F.N.C. "has it made".

"Chuck" McGinley should find a medal for valor in his Christmas stocking. Not only has he taken on the mountainous job of keeping up player ratings, but he did this knowing full well he would have to face the continuous wrath of his fellow chessplayers. For some reason chessplayers always disagree with the ratings given them--be they high or low.

The treasurer's job in any organization is one of names, cash, checks and records. Please Santa, keep the dues rolling into C.F.N.C. so that our treasurer, Bill Pattullo may keep along the even course which is always the delight of a treasurer such as he.

MERRY CHRISTMAS and HAPPY NEW YEAR to those C.F.N.C. Members I will not be able to greet personally.

Tom Tripodes, President  
 CHESS FRIENDS of NORTHERN CALIFORNIA

 GREETINGS from Mr. and Mrs. George Koltanowski!  
 Now that we are in the holiday mood and season, we want to take this opportunity to extend our sincere best wishes to each of you and your families for a HAPPY HOLIDAY SEASON and a HAPPY NEW YEAR filled with good luck, good health and the best of everything. We are delighted to have this opportunity to thank the Officers, Directors and Associates of Chess Friends for their kind cooperation and assistance during the past and to thank the Members for their kindness and cooperation in participating and supporting our chess activities. We are sure that everyone in CHESS FRIENDS is enjoying its program. Through this organization, chessplayers of all classes are afforded the opportunity to learn the game, enjoy it and improve their play through friendly over-the-board matches as well as in the various clubs. And, too, it affords the opportunity for fine associations and contacts, which are of great value to each of you. This coming year CHESS FRIENDS is inaugurating constructive innovations all in the furtherance of the cause of Chess. Watch for the details. This will give each and every member a chance to participate and to help. In this way, our programs will be coordinated and not relegated to a few to assume the burden of all the work. Folks are prone to take many things for granted without realizing the amount of time and effort it takes to whip any program into actuality. Cooperated with your President, Officers and Directors and remeber they welcome suggestions and criticism, but also look to

!!!!!! Original Story for CHESS in ACTION!!!!!!

MATTER of FACT

Chess Masters are not yet unionized. In fact, they are not even in accord with one another, but one of these days, although they may not be in agreement as to which is the strongest opening or defense (we hope), they will have their union!

The Federation International des Echecs (World Chess Organization) may yet be the one to help start this needed organization for

the professional player. In fact, they have helped immensely in only permitting four rounds to be played during a week in FIDE sponsored tournaments.

To understand this better, let me start at the beginning. We quote from the Jurata (Poland) morning paper, August 11, 1957. "In the international chess tournament of Jurata, 21 of the 22 competitors have suddenly become stark crazy. They have decided to continue with the tournament and finish their 21 games in 14 days. Only one participant was sensible enough to retire to a Rest Home." The player in question was Anton Frydman, a Pole, who a few days before the start of the tournament had been released from a mental institution and had been warned by the doctors not to play chess for awhile. Yet Frydman persuaded the tournament organizers to allow him to play. In the first rounds he played good chess. He managed to draw with Dr. Tartakower, who eventually won the tournament. But the way the chess masters slaved, playing each game to a bitter finish (no adjournments), playing two games a day at times; the total hours of play each day being something like 12 to 14 and sometimes even longer, something had to give! In the 12th round Frydman started his shenanigans! During his game with Najdorf, he ran to the telephone after every move, placing long distance calls collect, ordering such important articles as a bicycle from Germany, a flute from Hungary, etc. The next day he had to be locked in his room because he insisted upon coming down scantily clothed! Stahlberg, who had the misfortune of having the room next to Frydman had many sleepless nights. His (opponent) next door neighbor was calling out check and check mate all night long in a very loud voice. That was when the committee decided to have Frydman returned to the Rest Home..and the players met to vote if they should continue the tourney under those horrible long hour conditions. Here is a game from this sensational tournament.

Greeting from Mr. and Mrs. George Koltanowski cont'd.

you for help and encouragement. And the question of finances always crops up, since it is vital to any organization, so renew your dues promptly and recruit new members. Publication of CHESS IN ACTION and our other activities entail expense and we want to do everything possible to continue to benefit you in the future, as we have done in the past. Please feel free to call upon us at any time for help in the promotion of your club and its plans, or in any other way that we may be of service. Let's play chess for fun and friendship.

Once again--best wishes from Mr. & Mrs. K

GIL RAMIREZ DOES IT AGAIN! After starting out 1956 by winning the C.F.N.C. OPEN last February, Gilbert Ramirez has added another win to his score by taking the California State Championship last Sunday. During the tournament he defeated Larry Remlinger, highly rated San Diego player. Congratulations from all of us in C.F.N.C. Gil.
