## A siesta for Kenny

Kenny Fong, Hayward's chess champion who represented the United States at the international chess championship for children under 14, was home and sleeping this morning — obviously exhausted from his travel home from Mexico. Kenny and his

mentor Richard Shorman arrived in San Francisco at about 3 a.m. today and Kenny got into bed about 4:30 a.m. He placed fifth after two weeks of play in the world tournament. Related story on page 10.
