

Chess Group To Meet

You can't tell who's winning a chess game by counting the number of men on the board, but if you count the number of men at the tables you can tell that the three-week old Fremont Chess Club has gotten off to a good start.

Meeting Monday from 7 to 11 p.m. at the Niles Community Center, 470 School St., the club now claims a roster of 30 members. If Monday night is taboo, the club offers a second meeting Saturdays from 9 a.m. to 1 p.m.

According to Police Sergeant Bob Pellerin, who master-minded the rally of master-minds, the membership is open to everyone from the expert on down to the novice who can't tell rook from a hole in his opponent's defenses.

Hans Poschman, tournament director for the club and head of the Newark Chess Club, has already launched an intra-club competition.

And at tonight's meeting, members will elect a board of directors to prepare for the future incorporation of the club as a non-profit organization.
