Team matches, anyone?

Would any of our players be  
interested in challenging  
another Bay Area chess club  
to a team match? We could  
travel to their location or  
perhaps invite them to  
Burlingame. Number of boards  
can be arranged according to  
interest; also the match can  
be USCF rated or unrated.

Would you like this sheet to  
become a regular publication?  
I think this club is big  
enough to support a bulletin,  
biweekly, monthly, or at  
irregular intervals. It can  
include tourney results and  
other news, annotated games,  
gossip, or whatever you like.  
(Any contributions?) Anyone  
having access to a mimeo-  
graph or duplicating machine  
could help out greatly by  
running off copies inex-  
pensively.
