Kenny Fong vs. 26 Players

Kenny Fong carefully plans his move in the Simultaneous Chess Exhibition.

FREMONT—If you think chess is a one-to-one challenge, you are wrong. Recently, ten-year-old chess whiz Kenny Fong (E/W 5/5/76) played twenty-six opponents at the same time and, as usual, won twenty out of twenty-six games.

It was the "Simultaneous Chess Exhibition" Fong put on at the Park School in Hayward, which will be televised this coming Tuesday, November 16, at 4:30 p.m. "Kids Watch" on KRON-TV Channel 4.

Kenny Fong's brother Randy Fong demonstrated speed chess with Chess Master Alan Benson, who is Vice President of the United States Chess Federation. Hans Poshman, director of the Central California Chess Tournament, was also present. □
