Steiner Moral Victory

The bitter warfare between U. S. Champion Steiner and Horowitz, editor of the game's big magazine, CHESS REVIEW, has ended in complete victory for Steiner. The feud commenced months ago during the radio match with Yugoslavia, when Steiner refused to play because as U. S. Champ he felt he should have been assigned Board No. 1 by Horowitz, instead of No. 6.

Directors of the U. S. Chess Federation at their 1950 meeting vindicated Steiner's stand, and appointed him captain of the U. S. team in the forthcoming world matches—to be held, ironically, in Yugoslavia!

This columnist mimeographed material to help Steiner in his long up-hill fight against entrenched editorial dictatorship.

Santa Monica Ace

Concluding our July series on youthful L. A. chess stars, we present a fine win record by J. Paul Quillen over George Croy, present state champ. Quillen with Steiner is now in Detroit, competing in the National Open Tournament.
