Dear Mr. Shorman:

Thanks very much for the reports and games you sent me regarding Kenny Fong and the under-14 World Championship. I should have replied much earlier, but was out of town for some time.

I have prepared an article for my column in the Los Angeles Times. This should appear soon. I will of course send you copies as soon as it is published.

My second reason for writing you now is to ask whether Kenny might be interested in another trip. Jack Collins of New York is preparing a team of Americans to visit Iceland for matches against a group there. There will be 20 on each side, all between 8 and 15 years old. This will be the third annual competition between the "Collins Kids" and the "Icelandic Kids."

The dates had been planned for December 28 and January 3, but they could not get the reservations for the holiday period. It should be early in 1980. If this is of interest, you might write to me, or directly to Collins at 521 East 14th St., New York, NY 10009.

Sincerely,

A handwritten signature in cursive script, appearing to read "Isaac Kashdan".
