P R E F A C E

The San Diego Open was a natural outgrowth of the Long Beach U. S. Open. With the expected presence of most of America's leading players the organizers of the San Diego Open hoped to attract a majority of the top names to play in a "monster chess open."

With a total of \$1950 in cash prizes being offered the entrants it is surprising that the tournament did not draw better talent than it did. It may be that after a rigorous two week schedule in the U.S. Open many of the masters were content to return home for a needed rest from chess.

As it turned out 53 players enrolled for the two tournaments. One, a four round affair, was held simultaneously within a larger eight round event. This is the first time such a tournament sequence has been offered to the chess public. John Alexander, San Diego chess expert, promoted and financed the tournament and devised the double tournament method which seemed to work out satisfactorily. It was directed by international master Imre Konig of San Francisco.

The four round event featuring a \$100 prize was won by Larry Evans of New York City. Victor Pupols, Tacoma, Washington earned second place while Sven Almgren, Los Angeles, Don Robey, San Diego, and Robert Brieger, Washington, tied for third. Sixth place was shared by Art Monson and Ken Turner of San Diego.

The major event offering \$1000 for first place was shared by Abe Turner, James Sherwin and William Lombardy, all of New York City. Lombardy, in the lead at the end of seven rounds, was held to a draw by Anthony Saidy to enable Sherwin and Turner to tie at $6\frac{1}{2}$ - $1\frac{1}{2}$ by defeating Sandrin and Pafnutieff respectively. Other top scorers included Miro Radoicic, Washington, D.C. and Anthony Saidy, New York, with $5\frac{1}{2}$ points. Art Spiller, Gustave Drexel, Mark Eucher and Charles Henin shared fifth place with 5 points.

70 games were selected for publication from both events. Many of the games were of considerable interest. Unfortunately, the leading players elected to draw their games among themselves in very few moves, evidently being reluctant to take any unnecessary chances which would spoil their bid for the \$1000 first place money. Thus the games of the leading players were of little value from a chessic viewpoint; however their strategy seems justifiable since all three tied for first with $6\frac{1}{2}$ points.

Credit for this brief volume of games must go to John Alexander who saved the scores from each round with great care. All of the important games were available..
