Dear Sir:

Your letter to Dr. Nelson, Superintendent of Schools, has been referred to me for reply.

We have a Chess Association of adults in Berkeley and the information contained in your letter will be referred to them in the hope that they may know of some youngsters who may be interested in the contest described in your letter.

It is quite possible we might find someone interested in the San Francisco tournament during the week of June 21 to 28th.

Thank you for bring this matter to our attention.

Very truly yours,

Chas W Davis
