Dear Mrs. Piatigorsky:

Enclosed are back issues of THE CENTRAL CALIFORNIA CHESS VOICE which demonstrate Mr. Jude F. Acers's great chess ability and consistent participation in regional chess activities. One of Mr. Acers's many fine attributes, which gives him a high place in our estimation, is his desire to put back into chess whatever he can, in return for what he receives. You will see from the enclosed magazines that he offers chess lessons and has given many simultaneous chess exhibitions free of charge to help promote newly forming chess clubs. To spread chess knowledge, he writes articles for various chess publications across the country. In addition, Mr. Acers's playing skill speaks for itself. He will be a finalist in this year's California State Chess Championship.

We respectfully recommend him to your attention.

Sincerely,

Martin E. Morrison
