Piatigorsky Chess Foundation  
400 S. Bundy Drive  
Los Angeles, Ca. 90049

Dear Mrs. Piatigorsky:

I recently had the privilege of discussing with Mr. Drucker the possibility of establishing a "Chess Club" here at the Boys' Club of Hollywood.

This possibility is exciting in that it would allow us to expand those program areas that are both intellectually stimulating and personally rewarding. The mastering of "chess skills" certainly fills that bill!

I look forward to any assistance your Foundation could be in establishing this worthwhile project. Besides the obvious need for equipment an even more demanding requirement is that of competent volunteers.

With sincerest hopes for your support and continued interest.

I remain . . . . .

For youth!

John P. Carlos
