Dear Chess Fan:

Have you enjoyed the Keres-Koltanowski match? If so, we urge you to write the editor of the Star to tell him so.

If the management of the paper is convinced that there is a solid and enthusiastic group of chess fans who want a weekly chess column in the Star, my regular chess column will be adopted. But the Star will not do so unless they hear from you and your friends that you want chess as a regular feature.

Please don't delay. The next few days will be the time of decision.

Very sincerely,

George Koltanowski
