Mrs. Gregor Piatigorsky
c/o Herman Steiner Chess Club
8801 Cashio Street
Los Angeles, California

Dear Mrs. Piatigorsky:

I expect to be making a leisurely cross-country automobile trip with my wife and baby, combining chess business with pleasure, and since I expect to be in the Los Angeles area June 25th through June 29th, I was wondering whether you would be interested in procuring my services for some form of simultaneous exhibition for one of those days.

I realize this is rather short notice, but, if something can be arranged, my minimum fee is \$100 or \$3 a board, though I would hope for more.

I will be leaving New York rather soon, so there would be little time for you to reach me by mail before my departure. However, I will be staying several days in Minneapolis (June 11-15) where I have a short tourney and simultaneous arranged and I will phone my good friend I. Kashdan sometime during those days. I would very much appreciate it if you could let Kash know whether an exhibition can be arranged and, if so, what the details would be, so that he can apprise me of the situation when I phone him.

Incidentally, congratulations on your good showing in the women's event. I am told that with a little luck you could have taken first place.

Thank you in advance for any efforts you might make in connection with the above.

Very truly yours,

Arthur Bisguier
