September 20, 1979

Dear Bill,

By now you probably already know that I have been elected as PCA Secretary-Treasure by the voting members.

It is now my task to keep records of membership and mailing list current as well as all other financial matters concerning the PCA.

I will need from you any records you kept concerning PCA membership and any other records connected with PCA affairs.

At present, I'm busy trying to establish which bank will give the PCA the best overall deal in terms of interest. With inflation going up daily I want to do what's best for the PCA.

I expect to have this account set up next week at which time I shall write you again with the Bank's address and account number so that you can wire the money from PCA affairs directly.

Sincerely,

Alan Benson

PCA Secretary-Treasury

CC : PCA S/T

Jack Peters
