Dear Mr. Koltanowski,

We would like to inform you that we will send you next week via ICD one Almeria 16 bit module set on loan.

If you have any further questions please contact Mr. Steven Schwartz at Institutional Computer Development Corp. in Bellmore (Tel. 516-4243300).

We would be grateful if you return the Roma module set (without adapter as you need it) after receipt of the new Almeria program.
