Mr. Larry Evans

P. O. Box 1182

Dear Mr. Evans:

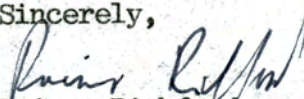

This is in belated response to your proposal for a merger of the PCA magazine with Players Chess News.

We would be willing, for the sum of all the membership money you have on hand, to assume the liability of one year subscriptions for PCA members. This would exclude those who already subscribe to PCN. Since our subscription list is not computerized, pulling the duplicates will in any case be time-consuming.

We are also willing to give PCA a half page per issue as requested and to include in our masthead a phrase indicating the merger. PCN would have to retain final editorial control, and no material redolent of personal attacks, for instance, could be used.

I hope that these caveats are acceptable and that we will be able to realize the merger.

Sincerely,

Rainer Rickford  
Publisher, Players Chess News
