Gentlemen/Ladies:

Thank you very much for the chess classes that you are sponsoring for the young players in Fremont. Richard Shorman is an excellent teacher, and the results of his training are very clear.

Teams from Fremont elementary schools won the first two places in the State Championship. Both the winning team from Weibel and the second place team from Mission San Jose were led by students receiving training from Mr. Shorman. The number one and number two individual finishers were also students of Mr. Shorman from Fremont.

These children are aware that the Police Officers association is sponsoring their tutoring and they appreciate it.

Yours truly,

Joe Lonsdale
