

Disinherited Knight Chess Team
Stanford University,

Stanford, California
April 30, 1947

Mr. H. J. Ralston,
184 Edgewood Ave.,
San Francisco, Calif.

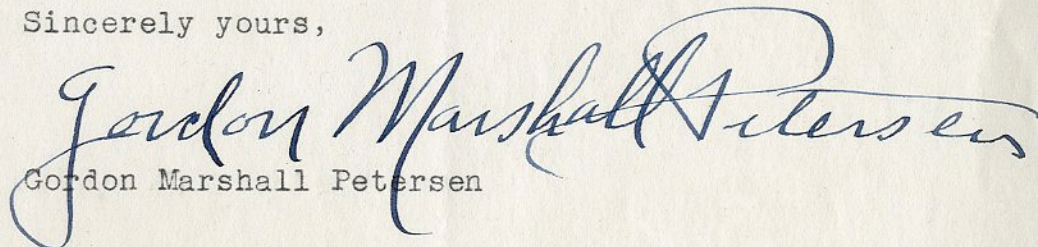

Dear Mr. Ralston:

On behalf of the members of the Disinherited Knight Chess team, I should like to challenge the second or third team of the Mechanics Institute to a chess match. The team at present does not have the proper facilities for playing a match, and so they must beg your hospitality for the match to be held in San Francisco.

When I discussed plans for a match with you before, you suggested that we play on Saturday evening, and so I would suggest May 24, 1947 at 7:00 P.M.

With kindest regards and best wishes, I remain,

Sincerely yours,

Gordon Marshall Petersen
