Dear Mr. Ralston:

Would Mechanics Inst. C. C. be interested in another match sometime in April? I have not contacted any of our players with the exception of those in Sacramento, but am sure that we can get a fairly respectable team together. I suggest April 24th as a tentative date, should you wish to play.

If the match is acceptable to your club, please let me know at your convenience, and I will start getting a team together.

Sincerely,

*Neil T. Austin*
