Dear Mr Koltanovsky,

I send you, as to ~~the~~ editor of
the chess column in the SFr. newspo-
per, the recent letter of G.M.
Boris Gulko to his colleagues
and my covering letter to Editor
(just in case). I hope you will
find possible to publish the Gulko's
appeal. We will try to give copies
of it to all G.M.s from "Rest of the World"
team, but the match of "Century"
is still under a question.

As you probably know, London agreed
to manage this match, however
English organizers are too optimistic
for west Grandmasters... Thank you,

All the best, Sincerely yours

Leonid Shamkovich
