Dear Mrs. Grumette,

It is pleasurable task to inform you that your program for teaching chess to adolescent alcoholics, sponsored by the Chess Set Educational Trust, and under the direction of chess teacher Arthur Drucker, has been chosen the winner of the USCF 40th Anniversary Chess Promotion Contest.

The very worthwhile social objectives this encompasses, together with its chess promotional values, make it an excellent example of the fine results that can be obtained when imagination, idealism and practicality are combined in a well-implemented program.

As the winner of this contest, you have been given \$100 credit by the United States Chess Federation to be redeemed for any chess books and equipment appearing in the enclosed catalog. We look forward to receiving your order and hope that this will be helpful in furthering your fine work.

Sincerely,

Fairfield W. Hoban
