Dear Mr. Milcas:

At our special meeting of the Board of Directors, held at the Herman Steiner Chess Club on Thursday, December 14, 1961, at 8:00 P.M., your letter, in reply to our invitation to attend, was read.

After a thorough discussion of your letter and previous letters, it was the consensus of the Board that we ask you to resign as a Director of the Herman Steiner Chess Club, based on the following:

1. The implication in your letters that the Board of Directors is guilty of a great injustice in the Fischer-Reshevsky disputed game.
2. Your position that there is no area of discussion unless one accepts your views.

Very truly yours,

Edythe Langdon
Secretary
