Dear Al:

I'm very sorry about not having written sooner, but I didn't want to make any definite commitments until I could be sure of lining up a seven man team for San Jose.

Some of the players that I had previously lined-up, changed their minds and didn't want to or couldn't play, which left me out on a limb. I finally found a number of students from San Jose State College who were willing to play so I think I have a team.

I hope you haven't held your organizing meeting yet. I will be glad to attend and act as a representative from San Jose at any time and place most convenient to the rest.

Sincerely yours,

George A. Kirby, Jr.
