Dear Mrs. Piatigorsky:

This afternoon Lee informed me that you have already made a temporary summer arrangement to attend to the administrative, promotional, and office organizational work we had talked about.

Since these activities will be taken care of for the next two and a half to three months, I don't believe any good purpose would be served in my presenting an outlined proposal of a program at this time for the Piatigorsky Foundation.

When the summer's work is completed, and you would like to re-consider the format of these activities, I would be pleased to hear from you.

Sincerely yours,

(Mrs.) Flora Baer
